Save Rate		88%	100%	90%	69%	90%	77%	100%		82%

Notes on the New Reporting Process:

1) Defines "Puppy" and "Kitten" as under 6 months. If our new adoption pricing is defining these terms that way, our statistics should reflect that. Previous months record "Puppy" and "Kitten" as under 1 year.

2) Separates out "Owner Requested Euthanasia" from "Shelter Euthanasia". Other shelters don't count OR euthanasia because it is not a decision the shelter is making. With this sheet, we can see what our actual euthanasia rates are.

3) Track Save Rate. This statistic is becoming more popular and measures how many animals are not euthanized. Formula = (Live Intake - Shelter Euthanasia)/Live Intake)
